

DISTO™ Plan App

Settings

Settings Overview

- Open the side menu of DISTO Plan and tap on **Settings**
- In Settings it is possible to manage:
 - User data
 - Measurement unit
 - Draw settings
 - Language of the app
 - DISTO-related settings
 - Help settings
 - Sound settings

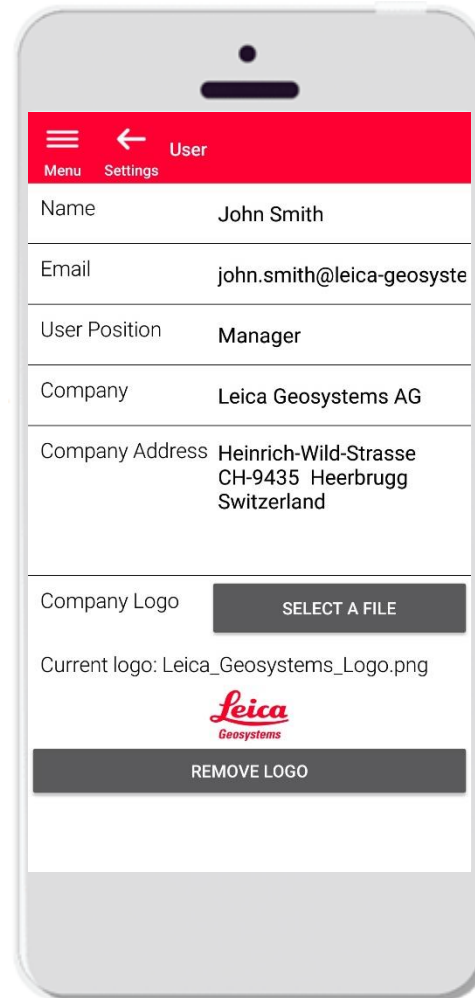

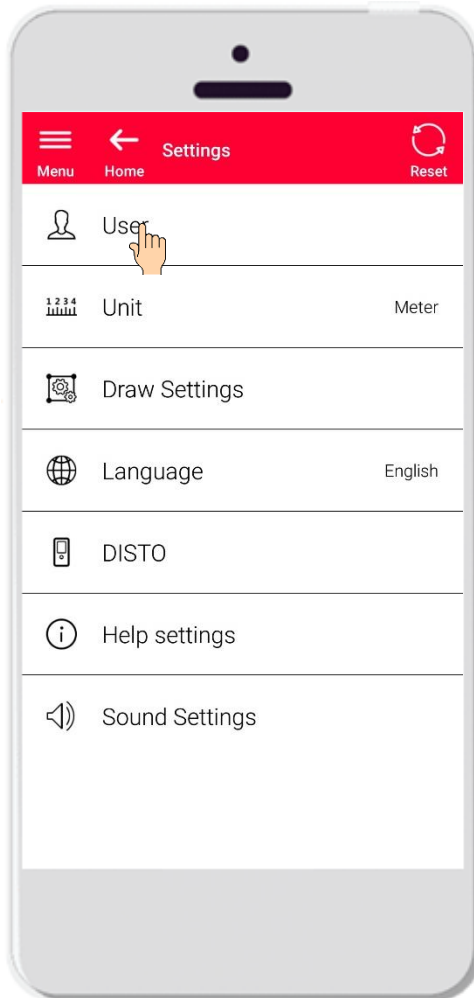

The reset button restores the default settings

- when it has to be **right**

Settings

User settings

- Tap on User to modify the User data
- Here it is possible to change:
 - Name of the user
 - Email
 - User Position
 - Company name
 - Company Address
 - Company logo

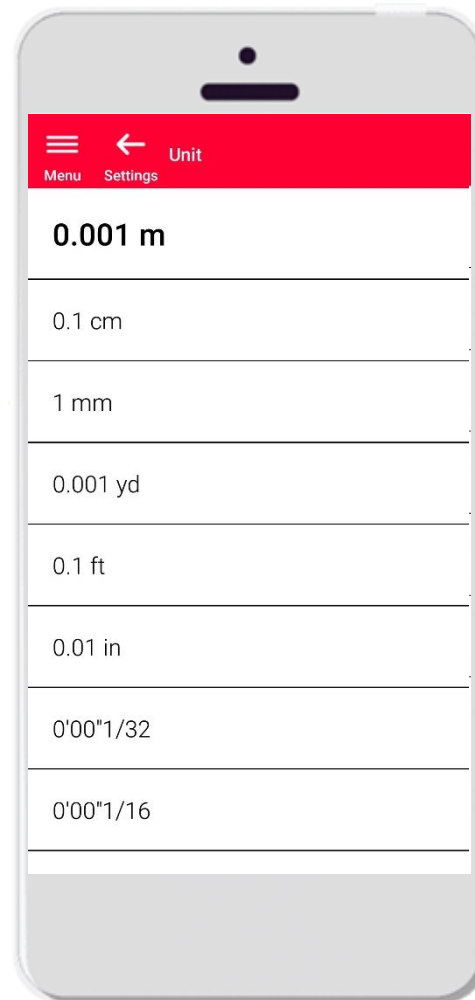

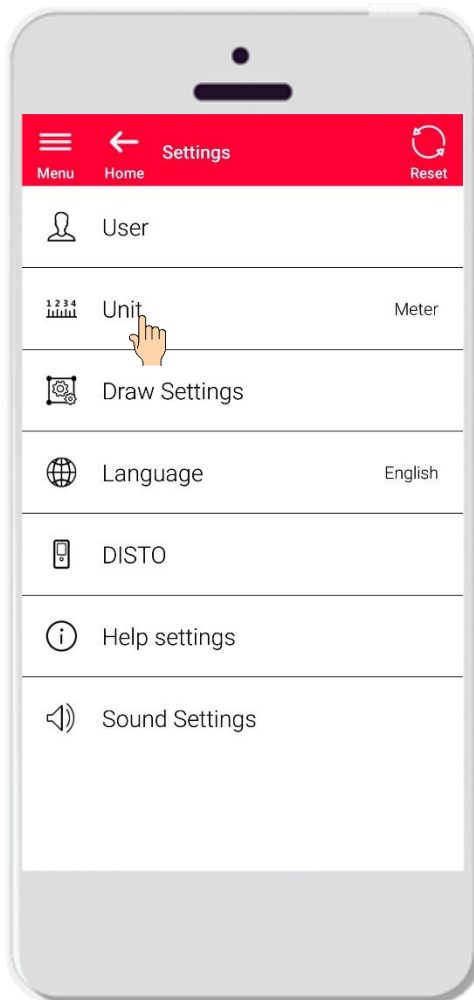

These data will be shown in the first page of PDFs exported from DISTO Plan!

- when it has to be **right**

Settings

Unit

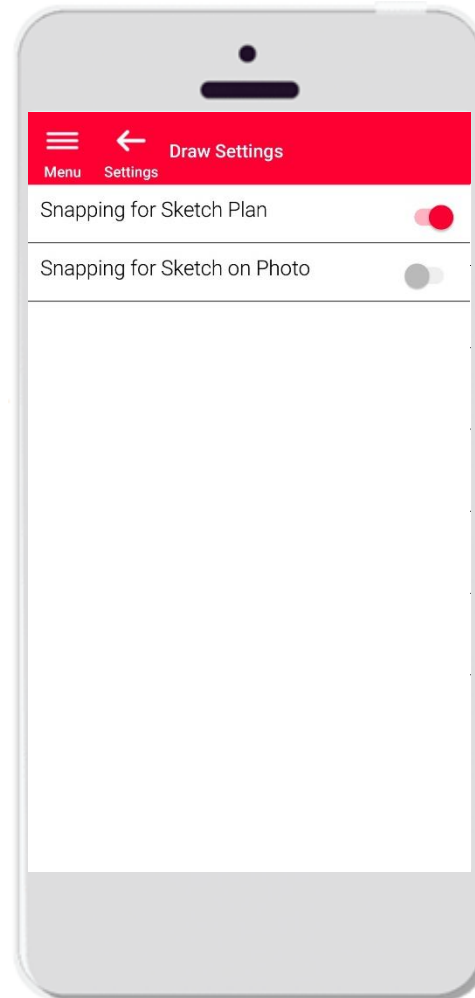

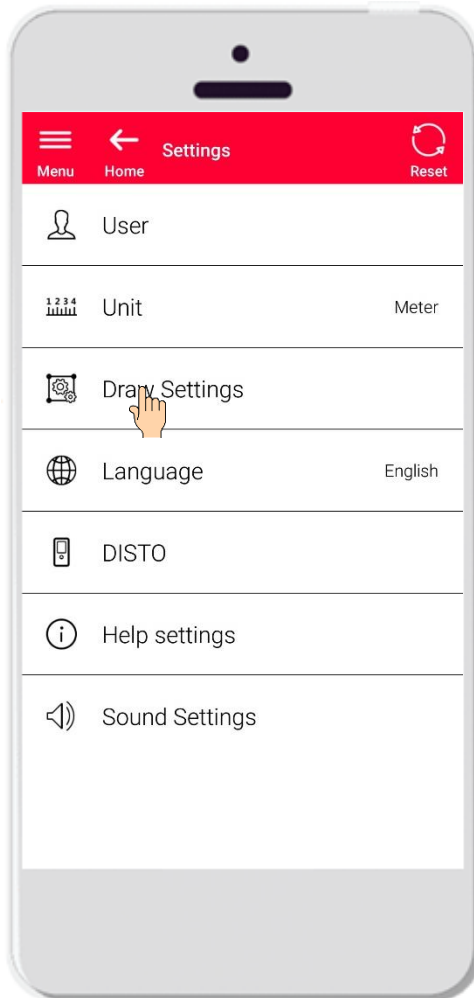

- Unit allows you to choose the measurement unit for your data
- It is possible to choose among:
 - Metre
 - Centimetre
 - Millimetre
 - Yard
 - Feet
 - Inch

- when it has to be **right**

Settings

Draw Settings

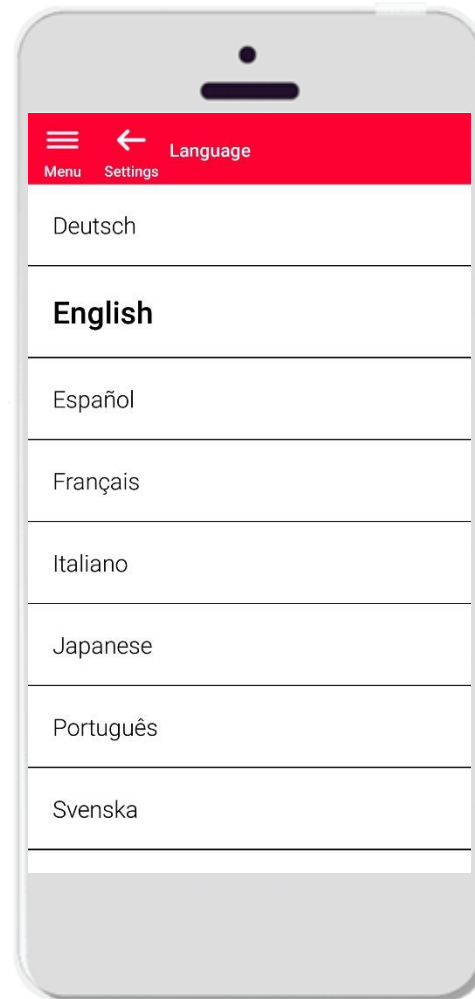

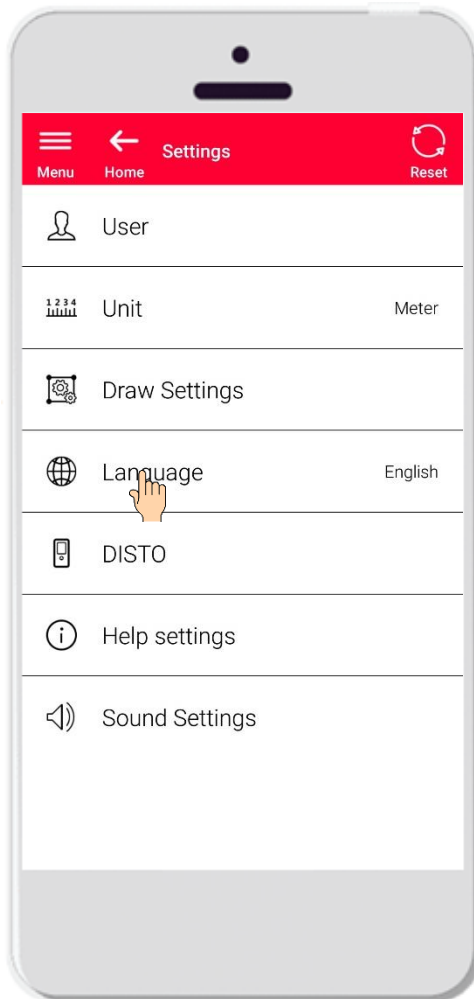

- Draw settings allows to change the snapping options
- You may activate or deactivate the snap function on Sketch Plan and Sketch on Photo
- Default option: Snapping for Sketch Plan ON, Snapping for Sketch on Photo OFF

- when it has to be **right**

Settings

Language

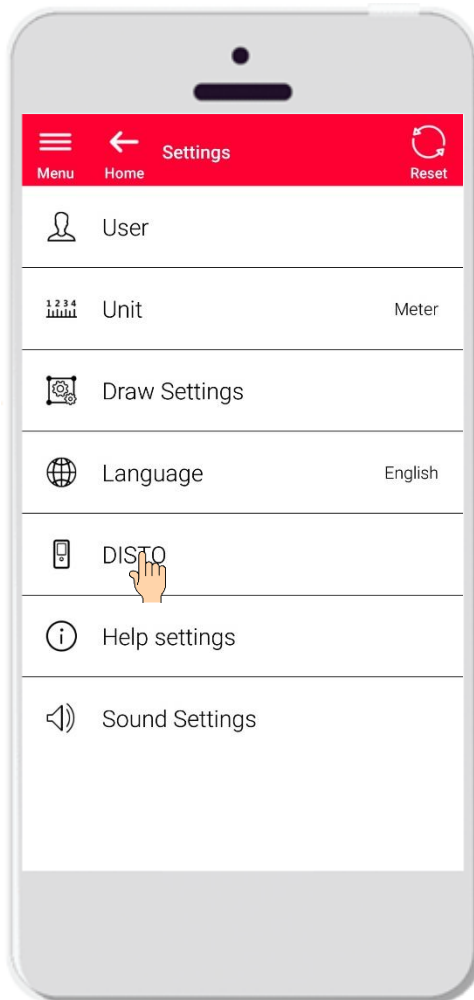

- Here you can change the language of DISTO Plan
- You can choose among:
 - Deutsch (German)
 - English
 - Español (Spanish)
 - Français (French)
 - Italiano (Italian)
 - 日本語 (Japanese)
 - Português (Portuguese)
 - Svenska (Swedish)
 - 中文 (Chinese, simplified)

The default language is set according to the language of your smartphone or tablet

- when it has to be **right**

Settings DISTO

- The setting «DISTO» allows you to control the automatic connectivity of your device
- Auto connect device on: whenever your smartphone or tablet is close to a previously paired DISTO, the app will automatically connect to it
- Turn the option off if you prefer to connect manually to your DISTO

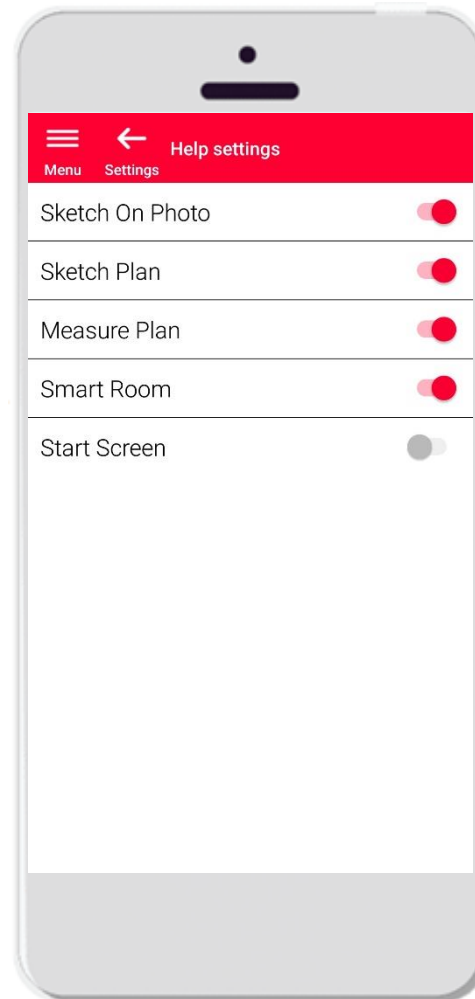

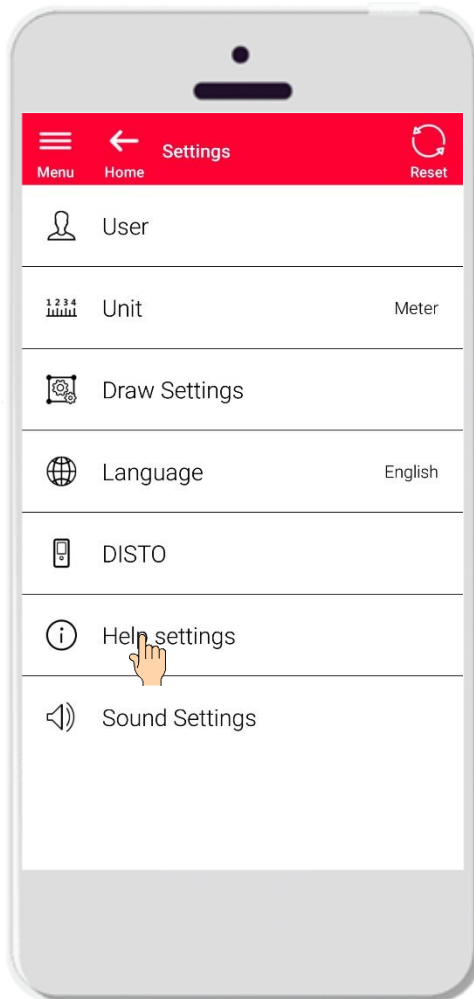

Remember:

You have to have an active Bluetooth connection on both your DISTO and your smartphone or tablet for the app to connect automatically

- when it has to be **right**

Settings

Help settings

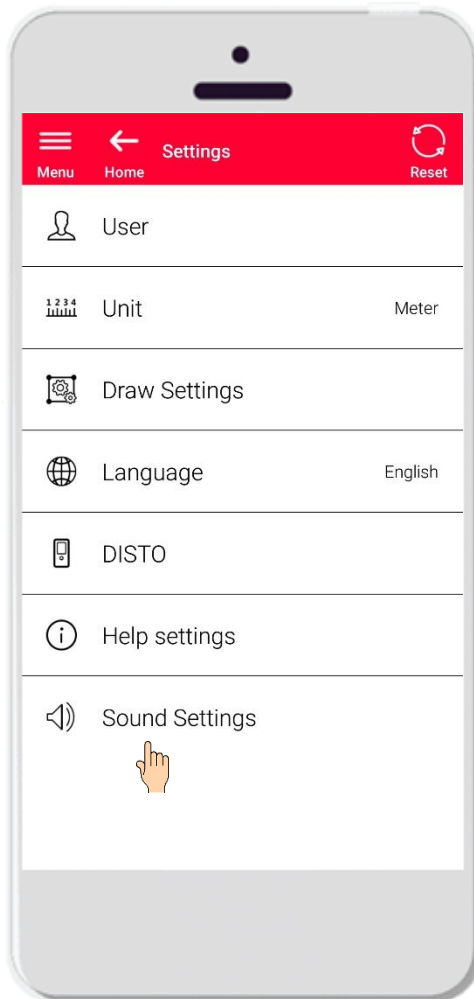

- Activate or deactivate the onboardings through Help settings
- Help settings on: info messages will be shown when starting a function

- when it has to be **right**

Settings

Sound Settings

- **Sound Settings on:** the app will emit sounds when a measurement is transmitted from DISTO or app is successfully connect to a DISTO
- **Sound Settings :** the app will stay silent

- when it has to be **right**
